

A Winter Wonderland Scavenger hunt

Can you find the musical contrasts?

Does the cardinal sing **high** or **low**?

Are the icicles **smooth** or **bumpy**?

Is the tapping of the woodpecker **fast** or **slow**?
Can you tap like the woodpecker?

Is the snowplow **loud** or **quiet**?

Is the chatter of the squirrel **fast** or **slow**? Can you sound like a squirrel?

Is the snowperson **big** or **little**?

Are falling snowflakes **quiet** or **loud**?
bumpy?

Is the bottom of your sled **smooth** or

Why are identifying contrasts important?

Learning and understanding contrasts help prepare children to think about and focus on important details, sort and classify objects and promote organizational skills.

Musical terms you can add to learning: Legato(**smooth**)/Staccato(**bumpy**),
Allegro(**fast**)/Adagio(**slow**), Forte(**loud**)/Piano(**quiet**)
