## MacPhail Financial Aid Award Guidelines

Financial aid awards are based on need and available aid resources. Qualifying applicants are awarded on a first come first serve basis until funds are depleted. The amount of financial aid is determined by a sliding scale which takes into account household income and number of exemptions. Awards are granted for income levels up to $\$ 78,999$ with 10 exemptions. Example: families with an income level of $\$ 52,000$ and 5 exemptions would receive $40 \%$ financial aid toward tuition with completed application turned in by the deadline.
