Financial Aid Award Guidelines

Financial aid awards are based on need and available aid resources. Qualifying applicants are awarded on a first come first serve basis, until funds are depleted. The amount of financial aid is determined by a sliding scale, which takes into account household income and number of exemptions. Awards are granted for income levels up to $69,999 with 10 exemptions. Example: families with an income level of $49,000 and 5 exemptions would receive 20% financial aid toward tuition, with completed application turned in by the deadline.
